

**PAINLESS
EFFORTS^{LLC}**

Painless Efforts, LLC

...provides services designed to provide consistently great results each and every time.

Painless Efforts' Philosophy of Service Excellence Means:

Industry-Leading Methods, Training and Procedures

- High quality service delivered in a consistent, dependable and knowledgeable manner.
- Ongoing education and training by both management and employees to keep company methods up-to-date with the latest Best Management Practices as well as with local, state and federal regulatory information.
- We are committed to being leaders in the industry as a top echelon sweeping and maintenance company, always at the forefront of industry methodology, equipment and information.

An Outstanding Level of Service

We sweep in an established manner each night. You will not see sand build-up on properties swept by Painless Efforts, LLC. Nor will you see build-up in the corners of your property or trash in your landscaping. Our procedures include:

- sweeping all parking areas near and far from the building,
- cleaning around curbs and wheel blocks,
- blowing off sidewalks and other areas inaccessible to sweeper,
- handpicking (when needed) natural and landscape areas,
- change-out of trashcan liners.

Use of Innovative and Late Model Equipment

- We maintain our sweepers so they will perform to manufacturer's OEM specifications. This ensures they will provide optimal performance on your property, and do so with minimal mechanical mal function.
- Because of the size of our fleet, we are able to maintain a backup sweeper, available for immediate service in the event of a breakdown.

Motivated Employees

- Employees of Painless Efforts, LLC are motivated to perform at a high level.
- Our ongoing professional training programs enable us to offer the most thorough and reliable service procedures available.
- Our employees are proud of their company and their work. You'll see this enthusiasm reflected in their service.
